Fire Safety Services

Award-winning Multi-disciplinary Property + Construction Consultancy | calfordseaden.com

About Us

calfordseaden is an award-winning multi-disciplinary consultancy with a trading history of over 80 years. Our technical expertise enables us to deliver innovative solutions with seamless collaboration.

We are committed to making a positive difference to the communities in which we work. As a carbon neutral business, we ensure that all operational decisions are led by environmental factors.

Our multi-disciplinary approach, including a dedicated team of in-house sustainability experts, enables us to work collaboratively to prioritise quality, safety and sustainability on all projects.

Quality and innovation are the backbone of our services. Our integrated management system covers ISO 9001, ISO 14001 and ISO 45001. With ISO 19650 BIM accreditation and experience in Modern Methods of Construction, we remain at the forefront of industry advances.

calfordseaden is national in reach and local in service. Our personal approach results in lasting relationships with clients. The breadth of our services and office locations enables us to operate effectively across the UK. Whatever your requirements, we can deliver a service to suit your needs.

Fire Safety Services

Our specialist Fire Safety Services team deliver strategic solutions to safeguard buildings and their occupants.

We design holistic fire safety strategies tailored to each building's unique needs, using our expertise to achieve industry best practices and ensure compliance.

Our services align with clients' objectives, covering everything from reviewing documentation and designing fire strategies to conducting specialist fire safety analyses, inspections, and risk assessments. We also provide strategic advice, integrating innovative, and sustainable solutions at every step.
